### A GREAT PLACE TO LIVE, WORK AND PLAY

*A message from Councilmember Steve Vincent*

I am often asked why I would choose to live in West Valley City; many have a negative perspective of the City and never hear of all the good that the City has to offer. So when I am asked why I chose to live in West Valley City I reply with what I believe is right with the City.

Recreation opportunities in West Valley City abound. Twenty-four parks include 77 acres at Centennial Park which boasts eight softball fields, an outdoor swimming pool and open space for soccer and football. Two great public golf courses--West Ridge golf course, which has been redesigned and renamed The Ridge Golf Club, and Stonebridge Golf Club--are also located in the City contributing to the overall green space. Indoor recreation in West Valley City includes the Redwood Recreation Center, the Family Fitness Center, and the Harmon Senior Recreation Center, which provides activities for our senior residents.

Entertainment is endless in West Valley City. The Hale Centre Theatre is a first class

live production theatre offering great family entertainment. The Maverik Center hosts the Utah Grizzlies, Utah high school sports, high school and college graduations and a number of exciting concerts and events throughout the year. Rocky Mountain Raceway adds to the entertainment options along with USANA Amphitheater, Hollywood Connection, Ritz 15 Movie Theater and the all-new state of the art Megaplex Theaters. The Utah Cultural Celebration Center (UCCC) is one of the City's best kept secrets and is host to great public art and many culturally diverse festivals including the annual Shakespeare Festival Play, Fiesta Celebration and the free Monday Night WorldStage Summer Concert series at the outdoor Amphitheater.

New recreation, entertainment, shopping and dining opportunities are coming to West Valley City daily, making it a great place to live, work and play.

### Cargo Containers No Longer Allowed In Residential Areas

The West Valley City Council recently approved an ordinance change prohibiting the use of cargo containers in residential areas. Under certain circumstances, cargo containers may be allowed on agricultural properties larger than one acre. They will not be prohibited in commercial and manufacturing zones.

What is a "cargo container?" Per City Ordinance 13-17, a cargo container is defined as "a prefabricated metal structure designed for use as an individual shipping container in accordance with international standards for overseas shipping, or designed to be mounted on a rail car as freight, or designed and built for use as an enclosed truck trailer in accordance with US Department of Transportation Standards."

Any cargo containers in residential areas, without a valid building permit, are subject to removal. For more information, call 801-963-3282.
